

BANNER PEGASUS 100 x 200 cm + ALUMINUM BASE TEMPLATE

You can use this file as an additional layer in your design program. Do not forget to make it "invisible" of the template before saving your design as a PDF in high resolution, or you can simply delete it once the design is finished.

← Measure with 5 mm blood included (101 cm x 201 cm)

← **FINAL SIZE (100 x 200 cm)**

This is the final size of the structure and where the printing is cut. To avoid white areas, we recommend that the background design and images exceed the cutting area by adding 5 mm of blood.

← Security zone (98 x 194 cm)

At least 1 cm from the cutting lines and 5 cm for the base. This will prevent important parts from getting lost when cutting.

↑ Security zone 5 cm for the base
